Description:

From Library Journal Oke (The Tender Years, LJ 9/1/97) continues the story of the grandchildren of the characters that appeared in her highly popular "Love Comes Softly" series. Virginia Simpson is about to graduate from high school and continue her education at college when a family crisis derails her plans. Virginia soon discovers that the rest of the world is moving on without her. Her best friend, Jenny, discovers the freedom of college, and Virginia's boyfriend begins to grow away from God and then away from Virginia. As usual for Oke, this is a tender and touching novel. However, it is also surprisingly slow and lacks enough plot to make it one of Oke's best. Of course, the author's many fans won't mind this one bit, so libraries will still need to purchase this lesser work of one of Christian fiction's great writers.

From the Back Cover The Yearning Deep Inside Her--to Go Somewhere, Discover Something, Be a Part of the World About Her in a New Way--Would Not Go Away. But What Would Satisfy It?

In The Tender Years, Virginia Simpson managed to struggle through adolescence and was looking forward to stepping into adulthood. When her graduation day arrives, she walks to the podium as the class valedictorian to the proud grins of her grandparents, Marty and Clark Davis. College beckoned, and life seemed to be well in hand.

She thought she would feel different. Like an adult, with an inner knowledge that she was on the edge of the nest, ready to try her own wings. And then circumstances began swirling around her, making her rethink her plans and reevaluate her priorities.

If She Only Knew What the Future Held?
