Description:

Review "What a wonderful book for children of all ages to learn how to treat others with respect and accept differences! " -Melissa Parrish --This text refers to the edition.

From the Author I like to write about real topics. Topics that I have either witnessed or thought about in the classroom during my twelve years as a elementary school teacher. This first book was based off of what happened to me when I was a child. It's fiction, so of course, I made some of it up! Find out more about my research on bullying, character education and child development on my blog "Be the Difference"
