## **Description:**

**Review** "A giant step toward religious literacy. If a person, being a Christian, church member or clergy, hasn't read the thoughts, evidence and point of view of The Book, they are not getting the whole story." -- *Reverend Richard Hill, Minister, Church of Daily Living*

Consider this book as a kind of consumer protection guide to religion, a big step forward toward religious literacy. Readers will explore myths, origins, fundamentalism, television ministries, the identical stories of Stellar/Pagan/Christian beliefs, unfounded doctrines, child abuse, the Year 200, and women's rights. It's entertaining and readable, with a sense of humor reflecting the absurdities of fundamental religion -- while being inoffensive. The approach is one of not hitting the reader over

the head with "you're wrong", but rather "consider this". The Book Your Church Doesn't Want You To Read contains many interesting, unknown facts such as there being no mention of Jesus Christ in the Dead Sea Scrolls; the oldest story in the world (predating Christianity by millennia) being that of a virgin mother bearing a newborn baby; God finding out about the Trinity from the Catholic Church in 325 A. D. ; and Christmas being a pagan holiday with December 25th shared as a birthdate by many other crucified saviors. Contributors include Steve Allen, Dan Barker, Edd Doerr, Robert Eisenman, Annie Laurie Gaylor, Grace Halsell, Gerald Larue, Jordan Maxwell, and Arthur Melville. --
