What instructors and students are saying about the Success Series:

"We have used your products for students to help increase critical thinking skills, prepare for NCLEX and course exams, and for review of nursing content. We recommend students purchase the Success Series and review the content and questions for remediation and to enhance nursing knowledge. The terminology at the beginning of each chapter provide key terms for the students to review before answering questions. The books are all encompassing in regards to what students need to review across the curriculum. We love them!!"

- Louise Outlaw, Instructor at Brown Mackie College, St.Louis

"I love the Success books because of the rationales that explain the answers. My test scores definitely went up after I found these books."

- Sakina Mahama, Student at Georgia Baptist College of Nursing Mercer University, GA

"The Success books are absolutely essential to my study regime. I literally need one like I need

coffee in the morning to pass an exam!"

—Taryn Van Rensburg, Student Nurse, Naugatuck Valley Community College, CT.
